

Guidelines for Registering in the MSU-IIT Indico Server

What is the Indico Server?

The **Indico Server** is the online platform where users can create profiles, register for events, submit abstracts, and receive official notifications. It is typically hosted by an institution or organization to manage academic and professional conferences.

Important Notes:

- After completing your registration and paper submission, you will receive a notification via the Indico system email.
- The admin staff will thoroughly review the content and formatting of your submission. Once all requirements are met, you will be notified again through the Indico system, indicating that your submission is ready for the screening process.
- After the screening stage, a **Notice of Acceptance** will be sent to you via the Indico system email.

Registering Your Participation

Click "**Apply**" to begin. If you don't have an existing Indico profile, the system will prompt you to sign in.
